KNOWLEDGE

Knowledge Knowledge is the understanding gained by actual experience. It is the state of being aware of something or having information of things. To have knowledge one needs a clear perception of truth. One must be able to distinguish between the necessary and unnecessary. Without knowledge there can be no peace.

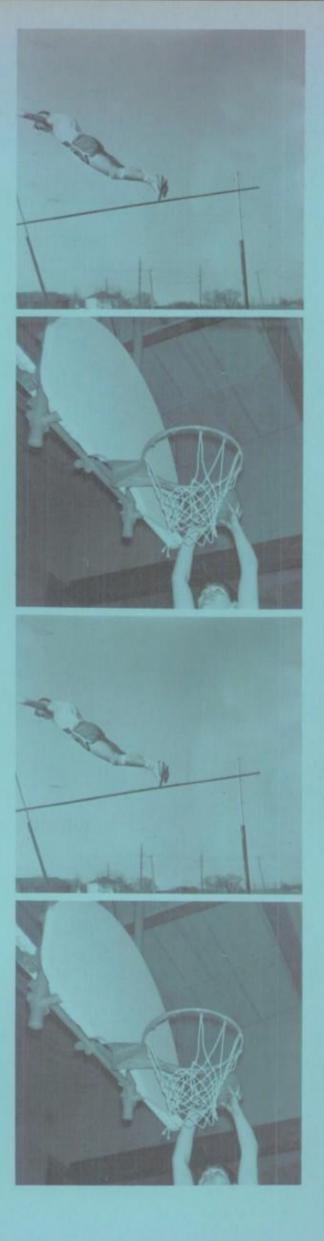

Sports

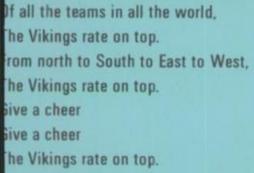

Nothing can bring peace but yourself; Nothing can bring you peace but the triumph of principles.

Emerson

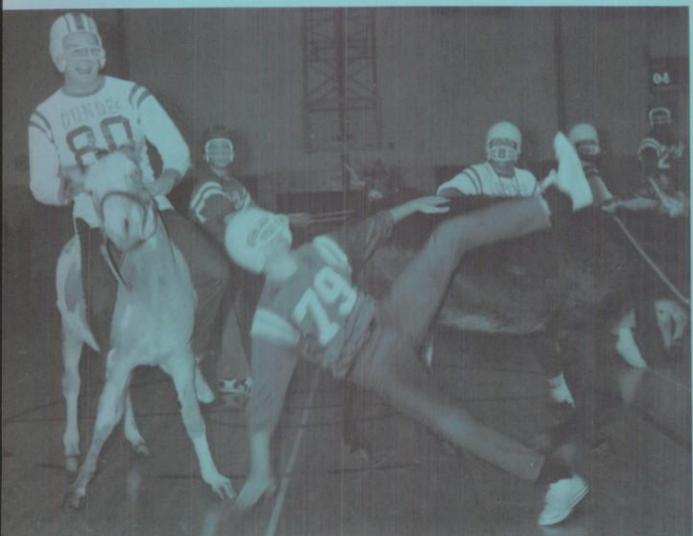

Sports differ in rules, uniforms, and playing equipment but they are alike because they all involve competition. Competition between individuals, schools, cities, and even countries. Yet, unlike the competition of military goals, industrial rivalry, and over-zealous nationalism—the competion which sports affords must by its very nature yield cooperation. For no side can win if each is playing by a different set of rules.

Go, Fight, Win!

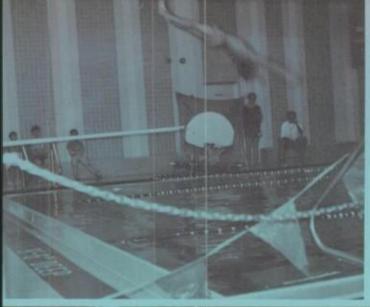

Peace is indivisible. Litvinov

Peace hath her victories

No less renowned than War.

Milton

One important aspect of life is "Humor". Just think what it would be like if no one could laugh at all the funny things in the world.

Humor Humor Humor Humor

Man has got to learn how to control his emotions. Instead of crying or fighting, one must learn to give and take criticism. Life goes better when One has a good sense of humor.

Humor Humor Humor Humor

I've got a girl whose name is Bess,
Not good looking I confess.

Arm like a blacksmith, foot like a ham,
Dumb as a mule from Alabam.

Hump on her back, she has a cork leg,
Mole on her neck as big as an egg.

One eye is green, the other is blue,
Her hair is false and her teeth
are too.

Underhung jaw and her mouth is numb,

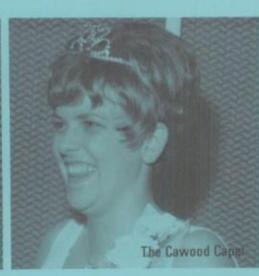

Underhung jaw and her mouth is numb,
All out of wack from chewing jum.
Turned up nose and a nanny goat chin,
But a darn good girl for the shape she's in.

All the world needs now is Love—and Peace.

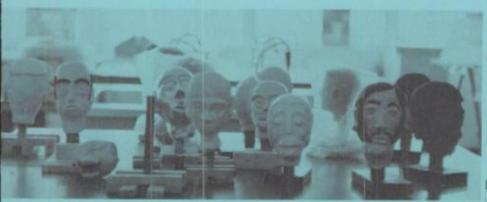

...Nature's art makes up for man's betrayals

For thousands of years man has been expressing himself through forms of art such as music, drawing, painting, crafts, and drama. Through the arts man can project his feelings and ideas about his environment and matters of the world.

Man is able to express all of his moods through the arts and hould, instead of resorting to actions which may harm manind, use all aspects of art to reflect his various moods.

The arts are the universal language of mankind. Through them can truly communicate though they have the high walls f language and national differences between.

In painting and drawing man can express his feelings on paper for others to see and interpret. He captures a scene of the countryside or urban poverty with equal skill. By using drama man can act out all the emotions and everyday occurrences of life for the audience to share.

SENIOR CLASS POEM THE MOUNTAINS WE'VE CLIMBED

Thirteen years have come and gone,
Each one seeming hard and long,
And never did mountains seem so high,
As these thirteen we're telling good-bye
The mountains were rugged and often
very steep.

And each holds a memory we'll cherish and keep.

The first mountain taught us how to write our name,

And no other mountain will seem quite the same,

For it was on that one we learned how to be friends;

And get along with them until the end.

As time moved on and the mountains got

higher.
We found it harder to fulfill our desires.

They became harder to climb as we neared the top,

And easier to fall off, but we didn't stop.

On one high mountain, we learned how to spell,

Another, some secrets, we swore not to tell.

On one we were taught that i came before e,

But exceptions were many, like when using c.

Some of them taught us English, History, and Math,

And all of these mountains have a long narrow path,

Where each of us climbed, only to move on to the next,

Where we started all over with a new different text.

Until finally we climbed to the top and the last,

And started to remember and look back at the past,

To the teachers, the games, and the excitement of class rings,

Parties, dances, and all of these things.

But the time has come to stop remembering the fun.

And the games and mean little tricks we've done.

Becuase the mountain small now, and we can never return

To those hills where we found out what it meant to learn.

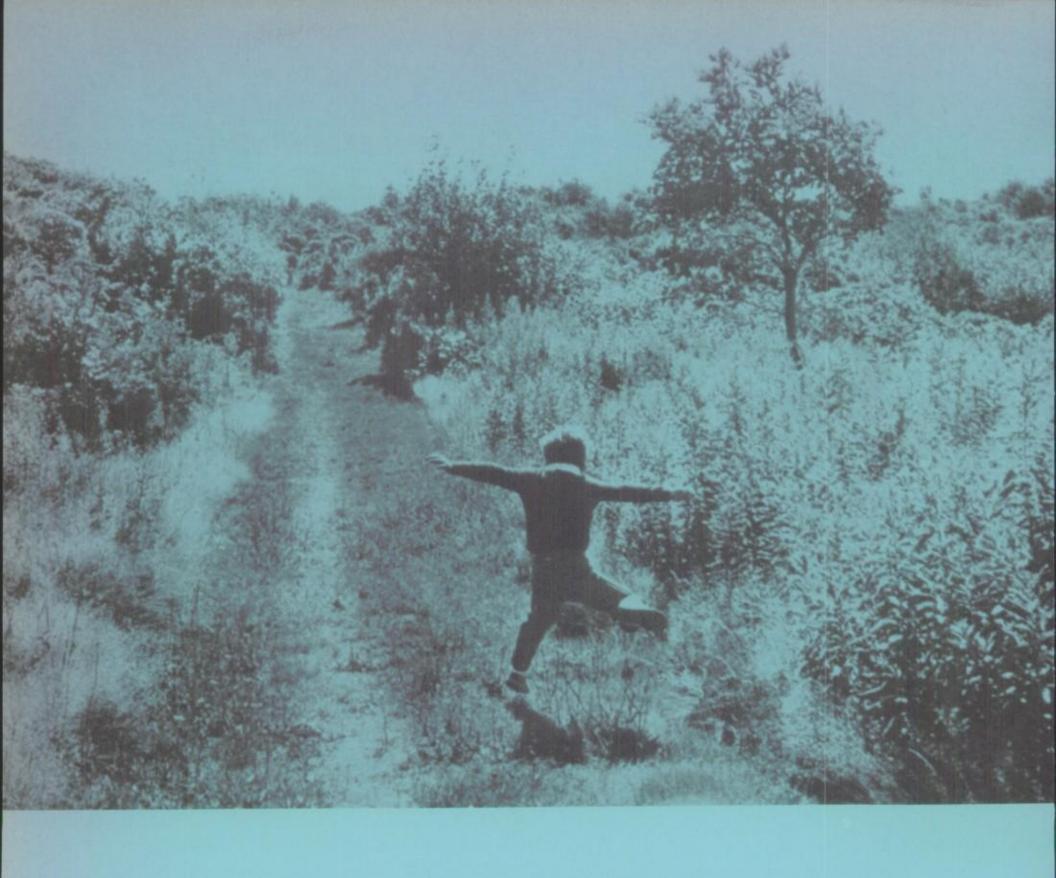

So now we'll go out, and we think we're prepared.

To meet the consequences, because of the ones we've shared.

But we'll often look back and it's easy to see.

We're proud to be part of 1970.

Senior High Student Council

The dynamic Student Council representatives chosen this year by their fellow students have worked very hard to make Dundee High a school with a spirited and mature student voice. A very inventive group, they sponsored the first float contest, at homecoming, and presented the student's opinion on the dress code. They tried hard to show how the process of open communications among students, administration, teachers, and the community can provide great results.

This year's Junior High Student Council has been working on a new constitution. Since there are many more Junior High students this year Student Council hopes to be able to help solve the problems of the transition into Junior High activities. The Representatives also plan parties and dances as money-making projects.

This year's Tempus has striven to point out that communications the key to peace—peace and understanding between students, faculty, and administration. We hope we have illustrated that everyone should try to apply what is learned in these halls to a universal understanding of humanity in our generation.

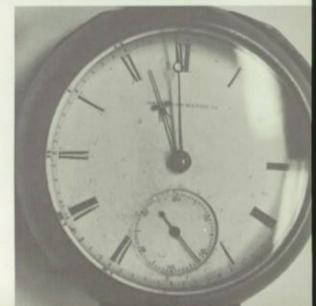

Every year the yearbooks "professional" staff decides that this year will be more organized than last! Hopeful thinking! But then the spirit is never lacking around here, especially on Wednesdays at 6:30. By the end of the year it is decided that the perfect Tempus staffer should have nine hands, a photographic memory, tons of time, and a stomach that can last from 1:00 to 7:00 with no food. Despite these minor problems we hope you all enjoy this year's Tempus.

Christmas Concert

Senior Band

The Dundee High School Band has traditionally been outstanding in its performance at School events, festivals, contests, and local community affairs. The band has excelled to such high degrees at the State Band Festivals that comments from many judges include such high praises as "Bravo, an outstanding musical performance, you play with a maturity and musicianship unheard of for the High School Band."

The 1970 High School band outnumbers all groups of past years and has developed all around instrumentation which is outstanding.

The Band will participate in various programs during the school year with concerts planned for Christmas time, Winter Concert in January, High School Honors Assembly, Past Festival Concert in March, the second Annual Pop Festival in April, Spring Concert in May and the Memorial Day parade. The final event will be the Graduation ceremonies which have traditionally been the highlights of the year, regarding the tremendous capabilities and musical expression which the band very capably offers.

The contests and festivals will once again find the band representing our school during the course of the year. The band hopefully will vie for the first division Ratings at all festivals, to continue the string of firsts to exceed our total of eight straight at the present time.

Officers: Don Roof-President, Rick Wain-Vice-President, Alice Reaume-Secretary, Pat Green-Treasurer.

This featured a narrative reading, several soloists, and a presentation of Christmas slides that told the story of the Christ child.

THE

PERFECT

IDIOT

Dundee High School—Senior Play

The Senior Class of Dundee High School presented the comedy farce—The Perfect Idiot by Eunice and Grant Atkinson on Friday and Saturday night, March 20 and 21, in the All-Purpose Room. Young Dan Tennyson, a genius if there ever was one with regard to schoolbooks, simply does not know how to get along with his fellow students. However, fate gives him a hand when the school's leading athlete, Puff is threatening with failing all his courses and losing his eligibility. Dan's brother and his friends talk Dan into tutoring Puff for a very interesting exchange of services. Jim Winter plays Dan, the student; and Cliff Weyher is the bumbling athlete. Don Labert plays Dan's father, and Dale Kominek is Jackie, the kid brother. Sue Buhl is seen as the mother, and Alice Reaume plays the all-knowing maid. Friends of Jackie's include: Lindsay Friess, Darlene Bowles, and Ann Herring. Dan's distraught teacher is played by Teresa Smith, and Doug McCracken is the understanding school teacher. Ron Bradley is a loud-mouthed soapmagnant who creates problems for everyone concerned. The psychiatrist is played by Dave Pierce, the forward reporter by Shannon McDonnell, and the friendly policeman by Lee Burgard. Committees which are forming include Set Construction-Randy Furrow; Posters-Alice Reaume; and Publicity-Cindy Croitori. The play this year was co-directed by Mr. Robert Benjamin of the Speech Department and Mrs. Dorothy R. Heinlen of the Guidance Department.
